SKILLS

Primavera P6
Microsoft Project
Critical Chain Project Management (CCPM)
Agile Project Practices
Scrum Framework
Program Increment (PI) Planning
Kanban Methodology
Power BI
Management Information Systems (MIS)
MS Excel
MS PowerPoint
SAP PM Module
Project Lifecycle Management
CAPEX Governance
Risk Management
Stakeholder Management

EDUCATION

Executive MBA (Finance)
Rabindranath Tagore University, Bhopal, India
Expected Jul 2026

ABOUT ME

Accomplished Enterprise Program & Project Management Leader with over 21 years of experience steering large-scale, multi-phase industrial and capital projects. Successfully commissioned 15 full-scale projects with total CAPEX oversight exceeding ₹3,200 Cr. Expert in end-to-end project lifecycle management, capital planning, and governance, driving predictable delivery and operational efficiency. Proficient in Agile frameworks, risk management, and stakeholder alignment across complex, multi-vendor environments including cement, steel, and power generation sectors.

WORK EXPERIENCE

Jan 2025 - Present

PMC Head

Pacific Iron Manufacturing Ltd. (JP Aggarwal Group)

- Led end-to-end project lifecycle management for a phased integrated steel plant program, ensuring alignment with organizational strategy from conceptualization to operational handover.
- Drove CAPEX strategy, budgeting, forecasting, and cost optimization across multi-phase, multi-vendor industrial programs with a total CAPEX of ₹3,200+ Cr.
- Developed and monitored master schedules, milestones, and critical-path activities using Primavera P6 and MS Project to ensure timely, sequenced delivery.
- Implemented robust governance frameworks covering scope, schedule, cost, risk, and change management while embedding QA/QC and HSE compliance.
- Coordinated with promoters, consultants, EPC contractors, and statutory authorities to facilitate multi-package execution across beneficiation, pelletization, and steelmaking.
- Proactively identified and mitigated project risks, managed contractual variations, and maintained structured reporting and executive dashboards for senior leadership.
- Led and mentored a high-performance PMC team, integrating internal and outsourced resources to ensure operational excellence and delivery accountability.

Apr 2024 - Jan 2025

Deputy General Manager – Project Planning

JK Cement Ltd. (YP Singhania Group)

- Led multi-project planning and controls using Primavera P6 in a complex, fast-tracked environment overseeing a portfolio CAPEX range of ₹1,800 Cr – ₹2,300 Cr per project.
- Designed and executed predictive (Waterfall) and Agile-influenced planning frameworks aligned with execution realities for 10+ concurrent projects.
- Delivered end-to-end project scheduling, progress tracking, and resource optimization across engineering, procurement, civil, erection, and commissioning.
- Instituted daily, weekly, and monthly MIS reporting systems for senior leadership and board reviews.
- Played a key role in commissioning readiness, including development of RTO & PSSR monitoring systems.
- Enabled schedule adherence and milestone recovery through proactive constraint management and critical path compression.

Apr 2022 – Mar 2024

Senior Manager – Project Planning (Township & Villas Development Projects)

JK Cement Ltd. (YP Singhania Group)

- Spearheaded planning and execution control for integrated Township & Villas development projects valued at approximately ₹150 Crores, overseeing complete project lifecycle activities from conceptual planning to handover.

Post Graduate Certificate in EV Design

IIT Roorkee, India
Nov 2024

Bachelor of Engineering (Mechanical)

K.K. Wagh College of Engineering,
Pune University, India
2004

LANGUAGES

English Hindi Marathi Gujarati

- Managed master schedules, project baselines, resource deployment strategies, and inter-departmental coordination for civil, infrastructure, utilities, electrical, and finishing works.
- Applied structured Front-End Loading (FFL) principles and Stage-Gate project governance frameworks to enhance decision-making, execution discipline, and project visibility across all phases.
- Delivered cost optimization and operational efficiencies resulting in estimated savings of ₹5.5 Crores through effective planning interventions, sequencing optimization, risk anticipation, and contractor performance management.
- Coordinated closely with consultants, architects, contractors, procurement teams, and senior leadership to ensure timely achievement of critical milestones and business objectives.
- Strengthened project monitoring systems through KPI-based reporting, progress analytics, variance analysis, and corrective action tracking to maintain schedule and budget compliance.
- Drove execution excellence by resolving interface risks, eliminating bottlenecks, and ensuring compliance with quality, safety, and regulatory standards across multiple concurrent work fronts.

Apr 2020 – Mar 2022

Senior Manager – Project Planning (Warehouse & Industrial Infrastructure Projects)

JK Cement Ltd. (YP Singhania Group)

- Led end-to-end project planning, execution monitoring, and cross-functional coordination for large-scale warehouse and industrial infrastructure projects with a total CAPEX value of approximately ₹55 Crores.
- Implemented Front-End Loading (FFL) methodologies and structured Stage-Gate governance across all project phases, significantly improving scope definition, risk mitigation, and execution efficiency.
- Achieved cost savings of approximately ₹2.3 Crores through optimized project scheduling, resource balancing, contractor coordination, and proactive interface management.
- Facilitated Agile-oriented planning reviews, cross-functional coordination meetings, and milestone-based execution strategies to improve delivery predictability and stakeholder alignment.
- Managed contractor performance, procurement interfaces, construction sequencing, and commissioning readiness to ensure adherence to safety, quality, timeline, and budget objectives.

Apr 2018 - Mar 2020

Manager – Project Planning (Power Plant Project & ICP with WHRS)

JK Cement Ltd. (YP Singhania Group)

- Initiated enterprise-level planning, scheduling, and control for multiple cement manufacturing projects across India.
- Developed integrated Primavera schedules for multi-disciplinary execution teams.
- Applied CCPM techniques to recover a 26-day schedule delay.
- Managed project controls, commissioning schedules, and execution coordination.
- Designed and implemented RTO monitoring systems for commissioning excellence.

Apr 2017 – Mar 2018

Asstt. Manager – Planning (Integrated Cement Plant – Pearl Project)

UltraTech Cement Ltd. (Aditya Birla Group)

- Played a key role in planning, execution monitoring, and project coordination for the "Pearl Project" — a large-scale Integrated Cement Plant development project with an estimated CAPEX value of approximately ₹2350 Crores.
- Contributed significantly to achieving project completion within 364 days from groundbreaking through rigorous schedule monitoring, integrated coordination, and accelerated execution management.
- Managed project controls across civil, structural, mechanical, electrical, instrumentation, utilities, and commissioning workstreams to ensure alignment with aggressive project timelines.
- Coordinated closely with EPC contractors, consultants, engineering teams, procurement functions, and site execution teams to drive timely closure of engineering, procurement, and construction interfaces.

Jul 2016 – Mar 2017

Assistant Manager – Project Planning (Bulk Terminal & GU Projects)

UltraTech Cement Ltd.

- Managed end-to-end project planning, scheduling, monitoring, and execution control for Cement Bulk Terminal and Grinding Unit projects with a total CAPEX value of approximately ₹260 Crores.
- Developed integrated master schedules covering engineering, procurement, civil, mechanical, electrical, instrumentation, erection, commissioning, and stabilization activities.
- Implemented Critical Chain Project Management (CCPM) methodologies and Full-Kitting processes to improve execution flow, eliminate resource constraints, and enhance construction productivity.
- Successfully recovered 36 days of project delay through proactive planning interventions, constraint resolution, and coordinated execution strategies across multiple contractors and disciplines.
- Delivered estimated cost savings of approximately ₹3.7 Crores through optimized resource utilization, reduced idle time, accelerated execution sequencing, and improved contractor coordination.
- Established robust project control systems using Primavera/MS Project for critical path analysis, progress tracking, variance management, recovery planning, and MIS reporting for senior leadership.

Oct 2007 - Jun 2016

Senior Engineer – Project Planning & Maintenance

UltraTech Cement Ltd. (Aditya Birla Group)

- Worked on SAP PM module for maintenance planning and asset reliability.
- Led gearbox overhauls (Flender KMPS656) and heavy machinery erection in coordination with OEMs and contractors.
- Built strong grounding in plant operations & maintenance (Raw Mills, Bag Filters, Conveyors, Gearboxes), strengthening execution credibility.

Oct 2005 - Sep 2007

Engineer – Project Execution

Binani Cement Ltd.

- Executed erection, commissioning, and maintenance of Raw Mills, Coal Mills, L.S. Reclaimers, Coolers, Ducting Systems, and Bag Houses.
- Prepared feasibility reviews, tender documentation, fabrication drawings, and procurement inputs. Managed cost control, billing schedules, cash flow statements, and progress reporting.

NOTABLE ACHIEVEMENTS

- 🏆 Led PMC operations for a ₹3,200+ Cr integrated steel plant program, ensuring strategic alignment and delivery assurance across the project lifecycle.
- 🏆 Directed multi-project planning and controls for a portfolio of 10+ concurrent cement manufacturing projects valued at ₹1,800 Cr – ₹2,300 Cr each.
- 🏆 Applied Critical Chain Project Management (CCPM) techniques to successfully recover a 26-day schedule delay on a large-scale capital project.
- 🏆 Awarded Team Excellence Award for successfully completing WHRS project (3 Nos. Boilers with STG, ACC & BOP) in record 11 months

ACCOMPLISHMENTS

Certifications

- **Project Management Professional (PMP®)** - PMI (2029)
- **PMI Agile Certified Practitioner (PMI-ACP®)** - PMI (2029)
- **Professional Scrum Master I (PSM-I&II)** - Scrum.org
- **Critical Chain Project Management (CCPM)**
- **Google Project Management Certificate** - Google
- **Oracle Generative AI Project Management Certificate** - Oracle
- **ISC2 Cyber Security Professional Certificate** - ISC2
- **Leadership Program** - IIM Ahmedabad (Coursera)
- **Project Management Programs** - University of Adelaide & Harvard University (edX)
- **Six Sigma Gold (Black Belt, Yellow Belt, Green Belt & White Belt)** - AIGPE
- **Chartered Engineer (CEng)** – IEI Ltd.
- **Fellow of Institution of Engineers (FIE, IEI)**
- **Disciplined Agile Practices**
